

THE 'REAL' STORY BEHIND JERRY'S

Jerry is actually a real guy with a love for grilled hot dogs and sausages. Jerry became convinced that cooking over a wood-fired grill brought out the best flavor possible. Working with a master sausage maker he developed his own recipes, making sure to use only the highest quality ingredients. Wanting to share his passion; Jerry opened his first restaurant in California in 2003. The rest, as they say, is history. Realizing that "Everybody Loves A Good Dog," Jerry decided to bring his creations to you! Jerry perfected his wood-fired grilling technique first in his restaurants and now with his trailers and portable grills. Our trailers are perfect for corporate events, parties, and other special occasions. Our portable grills allow you to enjoy the same wood-fired taste that you enjoy in our restaurants. All food is grilled to perfection and then topped with your favorite fixings.

Welcome to Jerry's Wood-Fired Dogs. Whether you are in our restaurant or we come to you, we want you to have fun and to enjoy one of our country's timeless and simple traditions... "The Best Dang Dogs in Orange County!"
